

THE FUTURE OF THE NETWORK

HOW CLOUD AND HYBRID IT ARE CHANGING NETWORK ARCHITECTURE

BY THE YEAR 2020

Cloud solutions will take up more than 50% of IT infrastructure

IN 2017, COMPANIES WHO MIGRATED TO THE CLOUD EXPERIENCED:

67%

Increase in productivity due to better collaboration

40%

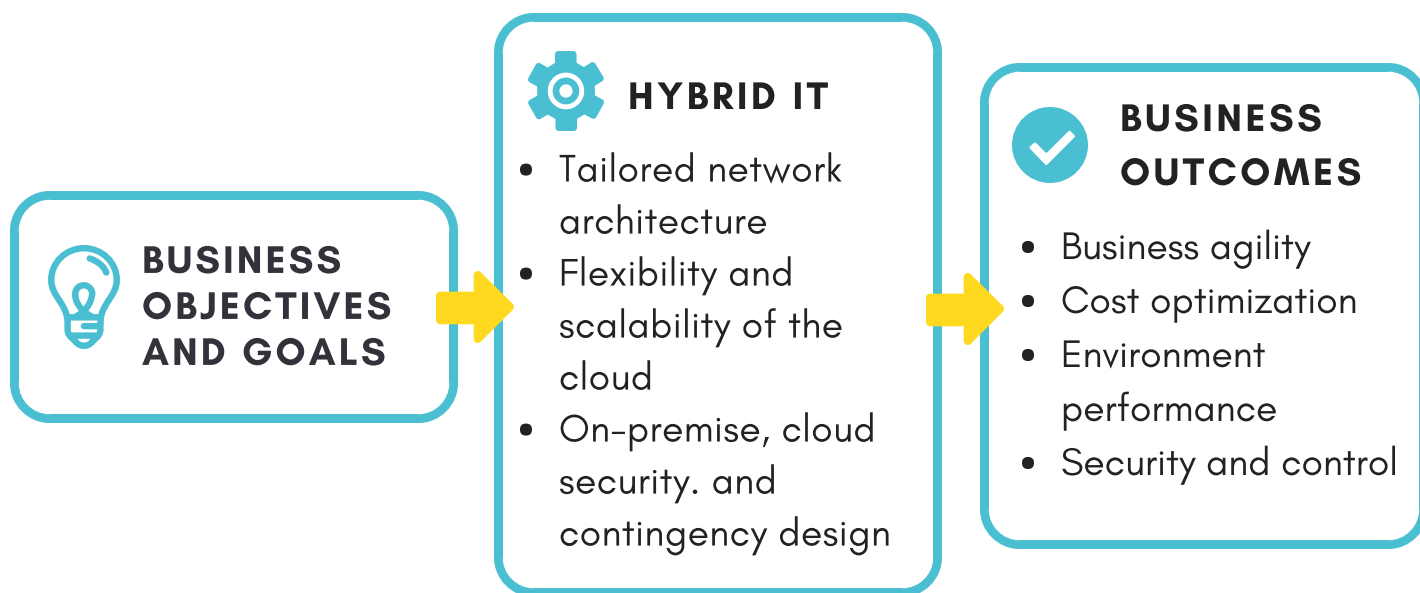

TCO Reduction

3X

Faster time-to-market for new applications

HYBRID IT

In 2017 96% of companies who had deployed a Hybrid IT solution agreed that Hybrid was the best architecture for selecting and configuring technologies that solved a business problem.

What are you trying to achieve through the use of technology?

Hybrid IT can help give you the benefits of the cloud while smoothing the transition to newer technologies.
That's the *future of the network!*
